DETAILED ACTION

Claims 2-4,6,7 and 9-13 have been canceled by this amendment.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Claim 1 has been amended to incorporate a housing limitation which enables the lamp to be connected to a socket and a pair of printed circuit boards, the LEDs of each of the LED arrays being mounted to a different one of the pair of printed circuit boards which is not disclosed by the art of record. In addition, applicants arguments that modifying the primary reference by the secondary reference to incorporate the specific limitations of claim 1, is not suggested by the references is persuasive and the rejection of claims 1,5,16, and 17 under 35 U.S.C. 103 is withdrawn.

Claims 6-8,10,13-15 and 18-20 have been rewritten in independent form, including all of the limitations of the base claim and any intervening claims. In particular claim 6 have been rewritten as 21, claim 7 have been rewritten as 22, claims 8 and 12 have been amended to be dependent on claim 22, claim 13 have been rewritten as claim 23, claim 14 have been rewritten as claim 23, claim 18 have been rewritten as claim 24 and claim 20 have been rewritten as claim 25. The limitations in the claims above are not found or taught in the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
